DESIGN

presented by **vmsd** with David Kepron

EP 63 | 01/12/24

COLOR AS AN EMOTIONAL THERMOMETER

VALÉRIE CORCIAS

Co-Founder, mycoocoon and brainbo

design • architecture • technology • arts

“...we are so used to thinking and using the rational part of our brains. We always say to people ‘go with your feelings.’ This is where color is so powerful and we always say it is ageless - from 7 to 77. Everyone has feelings connected to color. Connecting to color is like getting in touch with your emotions, like being on a playpund, we don’t consciously think about color and our emotions, the reaction is very spontaneous...”
